Universities provide solutions to future problems: governor

By our correspondent

FAISALABAD: Punjab Governor Muhammad Balighur Rehman has said that the universities are the hub of research and provide solutions to current and future problems. He was presiding over the second convocation of the GCWUF at Jinnah Auditorium of the varsity on Friday. GCWUF Vice Chancellor Professor Dr Robina Farooq and others were also present. The governor awarded PhD, MPhil, MA, MSc, and BS degrees to all graduating students.

The governor congratulated the students on their outstanding success and appreciated the university administration for highlighting the professional skills of the students. He applauded the recent position of the university in various international rankings and being recognised as the top women university of Pakistan. He urged the students to be a part of positive activities, patience, and leadership skills.

282,788 CHILDREN VACCINATED:

As many as 282,788 children upto the age of five years were vaccinated against polio on

the fourth day of the campaign here.

It was said by Deputy Commissioner Imran Hamid Sheikh while holding a meeting with the UNICEF M&E team members. Additional Deputy Commissioner Headquarters Kashif Raza Awan, M&E Specialist NEOC Zainab Suleman, M&E Officer Hayat Muhammad Khan, District Communication Officer Tayyab Rafiq were also present. The Deputy Commissioner said that the successful implementation of the anti-polio campaign was continuing and the teams had been mobilised for the last two days (catch up days). He said that it was a mission that no child of a household under the age of five years would be deprived of polio drops. He said that CEO Health Dr Kashif Mahmood Kamboh and DHO Dr Saqib Munir were actively working to make the campaign 100pc successful. The UNICEF mission team thanked the deputy commissioner and expressed satisfaction with the performance of the anti-polio campaign and praised the coordination of the district administration and the District Health Authority.
