Prof. Dr. Kanwal Ameen Discusses AI and Academic Integrity

Prof. Dr. Kanwal Ameen also participated in the Vice Chancellors' Pre-Conference Round Table on "AI and Academic Integrity: Navigating Ethical Use in Education", hosted by Allama Iqbal Open University (AIOU). Moderated by Dr. Shahid Soroya, the session explored the ethical challenges posed by AI in academia and served as a precursor to the ACARI 2025 Conference, continuing discussions on responsible AI use in education.

GCWUF Earns Distinction in the QS Asia University Rankings 2025

Government College Women University Faisalabad (GCWUF) has attained a prestigious position in the recent QS Asia University Rankings 2025, showcasing its excellence in various academic parameters. Among women's universities in Pakistan, GCWUF proudly stands in 4th place, reflecting its commitment to advancing higher education for women. Expanding its reach beyond national boundaries, GCWUF also ranks 4th among women's universities in South Asia, and 7th among women's universities across Asia. In the broader context of universities across Pakistan, GCWUF has achieved the 43rd position. Extending further into the regional landscape, the university holds the 222nd position among all universities in South Asia. On a continental level, GCWUF ranks within the 701-750 range among all universities in Asia, underscoring its growing influence and dedication to quality education and research across Asia. On this prestigious occasion, Vice Chancellor Prof. Dr. Kanwal Ameen extended heartfelt congratulations to the entire GCWUF community, with special acknowledgment to the Director of the Quality Enhancement Cell (QEC) and her dedicated team for their outstanding efforts. She urged the university community to continue striving for excellence, bringing further honor to GCWUF in the future.

Chairperson Mathematics Department Participates as Keynote Speaker at ICAST-2024

Prof. Dr. Saima Akram, Chairperson of the Mathematics Department at GCWUF, participated as a keynote speaker at the 1st International Conference on Applied Sciences and Technology (ICAST-2024) at Baba Guru Nanak University, Nankana Sahib, on October 24–25, 2024. Organized by the Faculty of Natural Sciences and Technology in collaboration with ORIC BGNU, the event brought together globally recognized experts in STEM.

Dr. Saima Akram delivered a keynote lecture on “A Two-Step Fractional Iterative Technique of $2\lambda + 1$ Convergence Order with Applications to Chemical Science, Engineering, and Sustainable Innovation.” She explored advanced iterative techniques for solving higher-order equations, highlighting the role of fractional derivatives in improving accuracy and convergence. Her presentation underscored the practical applications of these methods across various fields. The conference fostered valuable discussions on integrating technology with sustainable practices, and Dr. Saima Akram actively engaged with experts on emerging trends in applied sciences. In recognition of her contribution, she received a shield from Prof. Dr. Muhammad Afzal, Vice Chancellor of BGNU. Her participation reinforced GCWUF's academic influence on the global stage.

GCWUF Hosts Research Day on "Climate Change Adaptability"

On October 31, Government College Women University Faisalabad (GCWUF), in collaboration with Superior University, celebrated a one-day research event titled "Climate Change Adaptability". Organized by the Office of Research Innovation and Commercialization (ORIC), the Quality Enhancement Cell (QEC), and the Department of Botany, the event featured a campus clean-up drive, a micro-farm gardening workshop, and a plantation initiative.

Dr. Aasma Khalid, Director of QEC, delivered a keynote talk, "From Quality Education to Climate Solutions: The Academic Path to Sustainable Development and Indigenous Empowerment", emphasizing academia's critical role in driving innovation and fostering community-based climate solutions aligned with Sustainable Development Goals (SDGs).

The event showcased interdisciplinary projects from departments such as Food Science and Technology, Chemistry, Botany, Physics, Art and Design, Islamic Studies, and Psychology. Highlights included innovative recycling and waste management products, water testing kits, biochar, and creative items made from waste materials. Poster presentations from Psychology, Physics, and Islamic Studies students further underscored diverse approaches to climate change adaptability. Prof. Dr. Kanwal Ameen Discusses AI and Academic Integrity

Vice Chancellor Prof. Dr. Kanwal Ameen (T.I.), joined by Pro Vice Chancellor Prof. Dr. Zill-i-Huma Nazli and Prof. Dr. Saima Akram, commended the teamwork and student efforts that reflected GCWUF's commitment to academic excellence and sustainable development.

A Transformative 4-Day Training on Dairy By-Products

Dr. Aysha Sameen conducted hands-on training sessions for participants from key districts, including Quetta, Uthal, Dera Murad Jamali, and Gwadar, focusing on yogurt, mozzarella, cheddar, processed cheese, and butter production. Each session emphasized quality control, hygiene, and packaging, equipping participants with skills to produce market-ready dairy products.

Her expertise not only enhanced technical skills but also highlighted safe and sustainable dairy practices crucial for rural livelihoods. Dr. Sameen's leadership in this training aligns with GCWUF's commitment to sustainable development, bridging academic research with community empowerment.

The event concluded with a certificate distribution ceremony, where Dr. Muhammad Farooq Tareen, Director General of Livestock, and GRASP Provincial Project Manager Noor Khan Mengal recognized her contributions. Inspired by her guidance, participants are now prepared to strengthen Baluchistan's dairy sector, reinforcing GCWUF's legacy of impactful outreach.
